🎓 Experienced Tutor | Tsinghua University | PhD in Chemistry

I earned my PhD in Chemistry from Tsinghua University and my BSc in Chemical Engineering from Peking University. With 15 years of tutoring experience, I've supported students in China and globally to excel in IB, IGCSE, and A-Level Chemistry, fostering a deep passion for the subject in every learner I teach.

Teaches: IB Chemistry A-Level Chemistry IGCSE Chemistry GCSE Chemistry
AP Chemistry

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

Tsinghua University: PhD in Chemistry (2000–2004)

Peking University: BSc in Chemical Engineering (1995–1999)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past two decades, I've worked with students from a wide range of academic backgrounds, helping them succeed in chemistry at both school and university levels. I specialize in guiding students through the IB and A-Level Chemistry curriculums, ensuring they grasp complex topics and perform exceptionally in their exams.

In addition to school-level teaching, I've mentored students in advanced chemistry topics at the undergraduate level, such as organic chemistry and chemical kinetics. My focus has always been on delivering high-quality, personalized tutoring to ensure each student reaches their academic goals.

My experience extends to working with students from various countries, including China, Singapore, and the UK. I have consistently helped my students gain acceptance to prestigious universities by achieving top scores in chemistry, ensuring they are well-prepared for the challenges of higher education.
