Tutoring Experience

I've worked with IB and A-Level students over the past 4 years, guiding them through key business topics such as marketing, human resource management, and financial analysis. My students have consistently achieved high marks and built a solid foundation in business management, preparing them for success in higher education and their future careers.

In addition to IB and A-Level curricula, I've supported IGCSE and GCSE students, helping them understand real-world applications of textbook concepts. My tutoring sessions are designed to be engaging and practical, ensuring students can connect theoretical knowledge with real business scenarios.
