Tutoring Experience

For the past 10 years, I've been dedicated to tutoring geography students from various backgrounds, helping them succeed in both IB and AP exams. My experience includes working with international students from Europe, North America, and Asia, equipping them with essential skills to approach challenging exams confidently.

In addition to school-level tutoring, I've also supported undergraduate students in advanced geography topics such as economic geography and cultural studies. My aim is to cultivate a comprehensive understanding that students can carry forward in their academic and professional journeys.
